Hi Sapna,

Please find attached.

As briefly discussed we intend to support students (via payment of their course fees to the institution) who have completed at least 4 semesters of their engineering curriculum with the institute and wish to further pursue the program.

The main criteria for selection of such students is that they must be only from economically backward families and hence need financial assistance to complete their engineering course.

We will need the following documents:

1. Student Identity proof (passport – Aadhar)
2. Student college ID and last semester mark sheet
3. Letter from the student addressed to the foundation giving his /her family background in brief and confirming his / her intent seeking financial assistance.

Best regards,

Suresh Balakrishnan
